(5) Our Employees
Our employees may from time to time receive nominal gifts/hospitality from clients and/or product providers. We have strict guidelines in place as to the circumstances and extent to which our employees may accept any such gifts/hospitality.

Morningstar regularly reviews all gifts, benefits and entertainment received to ensure adherence with internal policy requirements. Our employees are guided by our Code of Ethics and our related conflicts of interest policies.

Some of our Manager Research staff participate from time to time in overseas industry forums. The costs are paid by the event organiser which in turn charges fees to fund managers on which Morningstar may produce qualitative research reports and ratings. That is, the benefits are indirectly provided by the fund managers.

Our Equity Research staff use publicly available information, however where Morningstar completes research on initial public offers for credit securities, Equity Research staff may be provided with non-public information. Morningstar has strict procedures in place in relation to the handling of non-public information.

Morningstar research staff are remunerated by salary and do not receive any commissions or fees. They may be eligible for an annual bonus which is discretionary and relevant to their role as offered by Morningstar from time to time at its discretion. Certain staff may also receive Restricted Stock Unit Grants in Morningstar, Inc. that are vested over a defined period. Generally these grants aim to retain key employees.
